

not a valid win32 application

Clean re-install

1. Open your system `\TEMP\` folder.
 - **(Windows XP)** Click the Windows Start button, and select Run..., then type `%TEMP%` and click OK.

- **(Windows Vista)** Click the Windows Start button, and type `%TEMP%` in the *Start Search* box near the bottom of the Start menu, and press Enter.

2. Hold down the `Ctrl` key as you press `A`, to select all items in your TEMP folder.
3. Press `Del` to delete all items in your TEMP folder.
4. Go to <http://www.metinc.org/staff/staff.html> to download a new NFJP CDS Setup 2009 (24.8MB) installer.
5. Re-install NFJP CDS, using the instructions at http://www.metinc.org/staff/CDS_setup_instructions.pdf.
